## From the FPMB Executive Director

Last week, FPMB President **Leonard R. La Russa, DPM** and FPMB Vice-President **Judith A. Manzi, DPM** participated in workgroup meetings of the **American Podiatric Medical Association's** Committee on Physician Parity. Dr. La Russa participated in the **podiatric testing workgroup**, and Dr. Manzi participated in the **podiatric education workgroup**. FPMB is your voice on these important topics that intersect with podiatric licensure and regulation.

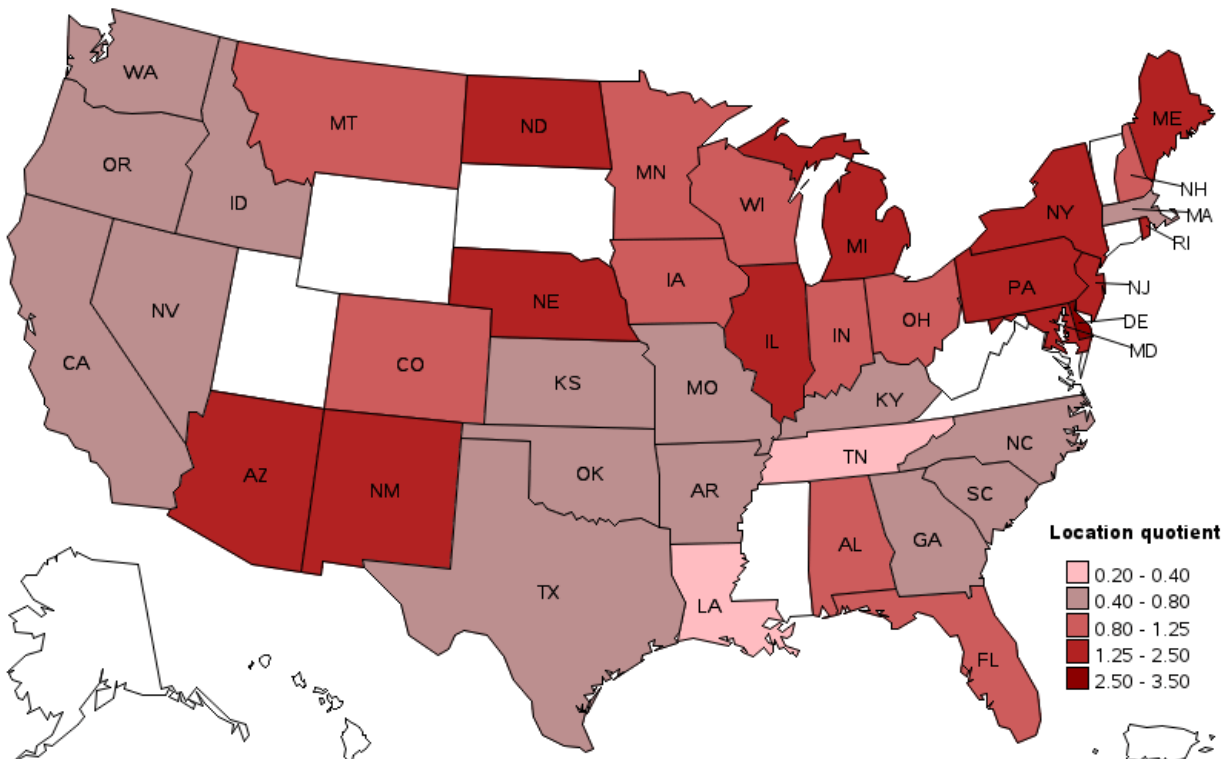

Also last week, FPMB held a **Community of Practice Session** with Member Boards that deepened knowledge about podiatric medical licensure and regulation. Post-meeting feedback noted, "engagement with other boards provides the opportunity to obtain information regarding similar challenges, how they were resolved, being addressed and/or actions being taken or explored to obtain a resolution." The next Community of Practice Session will be held as part of FPMB's Fall/Winter Meeting in January 2023.
